INTERESTS

- Passionate about creating intuitive, responsive designs using HTML, CSS, JavaScript
- Interest in mimicry: Skilled in vocal and behavioral mimicry, enhancing communication and engagement in various social and preformed in school and collage events

PROFILE

I'm fresher with a foundation in web development. Demonstrates problem-solving skills and a keen interest in staying updated with the latest industry trends. A team player with communication abilities, ready to contribute effectively to collaborative projects and eager to apply academic knowledge to real-world challenges.

PROJECT

Personal Portfolio

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive design to ensure compatibility across various devices and browsers. Showcased my projects and skills effectively.

Library Management System

- Book Management: Added functionalities for adding, updating, and deleting book records.
- Member Management: Implemented features for registering new members, updating member information, and managing member borrowing history.
- Circulation: Automated the process of issuing and returning books, including managing overdue books and fines.
- Search Functionality: Enabled advanced search options to find books by title, author, genre, and more.
- User Interface: Designed a user-friendly interface for both librarians and library members.

ACHIEVEMENTS

C - Programming Language - Certification in Basic concepts

Java - Certification in Core concepts includes OOPs

Full-Stack Web Developer - Certification in Web Developer using HTML, CSS, Javascript, Node, React, PostgreSQL, Web3 - Udemy
